

## Handy numbers

### Revision Flashcards!

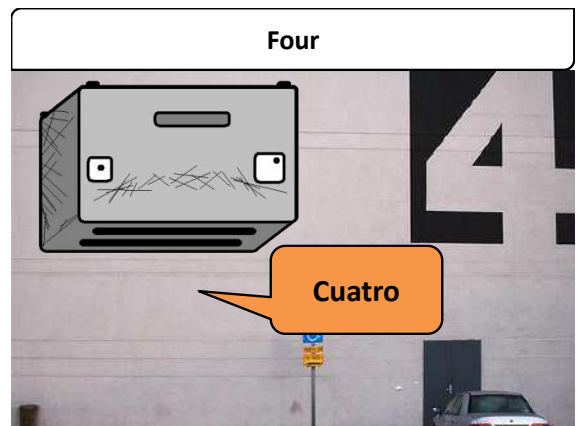

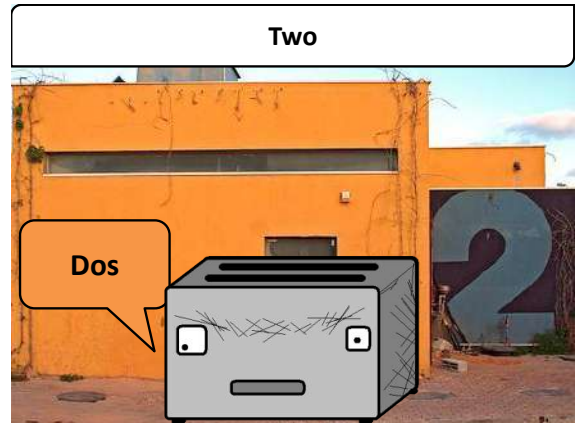

Flashcards: They may just be a rectangular piece of card or paper but they can work wonders for your revision. This revision tool is ideal when you need to remember vocabulary or specific grammar points.

**Simply print out this document and cut around the edges of each individual flashcard.**

Flash cards can be put to a variety of uses from card games and testing aids to signposts and quick reminders.

### Four ways to use your flashcards for revision:

- 1) Why not stick the flashcards to their corresponding items around your house or bedroom to help you remember the word for each object in your target language?
- 2) Keep the flashcards in your pocket to glance over when you have a spare minute for example when on a bus or when on the move.
- 3) Why not write a translation on the reverse of the card to test yourself before flipping the card over to check that you had the right answer.
- 4) Why not give the flashcards to a friend or relative and ask them to devise test questions relating to what is written on them to see if you have learnt the words. This can be nerve-wracking, but helps you get used to being on the spot on the day of your final exam.
